The Faculty is currently organising a series of online workshops on Computer Science Body of Knowledge (CS BoK), starting 23.7.2021 to 4.8.2021. Graduating students from the following undergraduate programmes, i.e., Computational Science, Information Systems, and Network Computing are required to attend these workshops, as part of their degree accreditation requirements. To join, please find the schedule and Webex meeting links in Faculty's FB page and Telegram group. All the best!

Semester 2 2020/2021 is their last semester in UNIMAS.
