## U.S. Embassy Speaker Program (Rising in the Computer Science Field as a Woman)

We would like to invite all staff and students in UNIMAS to attend this talk by US Embassy Kuala Lumpur. Meet Ms. Farakh Khan who has a background in Computer Science (like you!), an Information Management Officer at the embassy. She will talk about Women Empowerment and how she overcame the difficulties as an Asian-American woman to reach a leadership position in the US State Department.

Don't miss this!

Date: Wednesday, 23 June 2021

Time: 2.30-4pm
