

A STUDY ON THE READINESS OF GRADUATES ENHANCEMENT TRAINING SARAWAK (GETS) AT PUSTAKA DIGITAL COMMUNITY CENTER (PDCC)

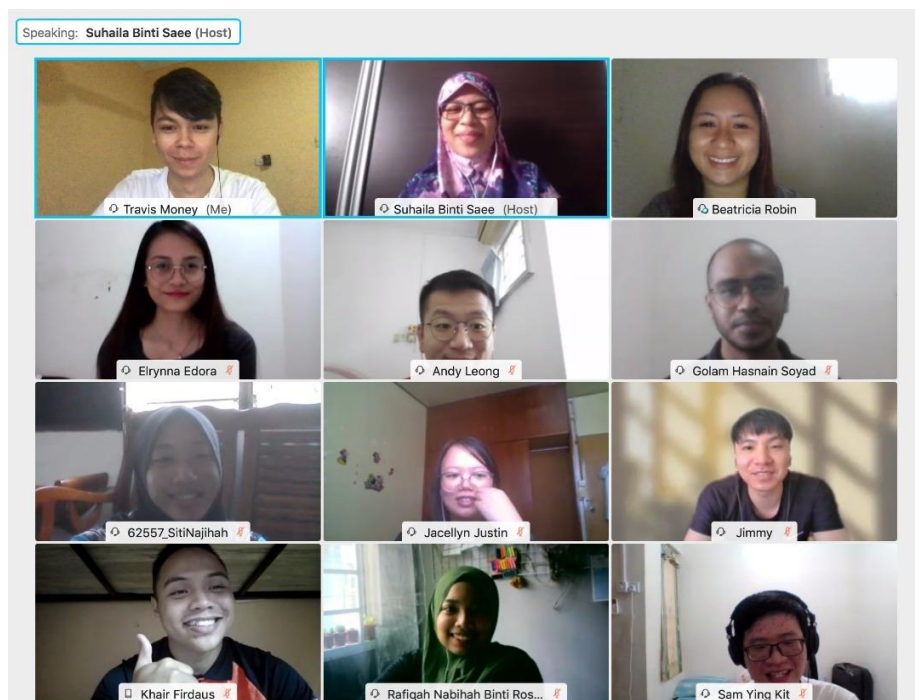

Project Name: A Study on the Readiness of Graduates Enhancement Training Sarawak (GETS) at Pustaka Digital Community Center (PDCC)

Date: 11th November 2020 (10am-11am)

Day: Wednesday

Community: GETS attached at PDCC Pinang Jawa, Kuching.

SL Supervisor: Dr Suhaila Sae

Project Description:

This project aims to analyze and study the readiness of Graduates Enhancement Training Sarawak (GETS) attached at PDCC Pinang Jawa. The interview was conducted with Miss Beatricia Robin, a GETS working at PDCC - to know more about the programs and modules managed and the effectiveness of it. Throughout the interview, we learned the constraints and challenges faced by the GETS while being attached to PDCC. Limitations such as lack of equipment, necessary training, technical skills, and knowledge are discovered. Moreover, this study is conducted to come up with possible solutions that can be recommended to the PDCC for implementation in order for the GETS to deliver the programs and teaching in a more efficient and effective way to the community.
