SL Project: Making Flyer using Canva

Date: 21th December 2020 (2pm – 3pm)

Day: Monday

Location: Breakthrough Learning Center, Kuching

SL Supervisor: Miss Ling Yeong Tyng

Participant: 13 youth (8~13 years)

Agenda:

Show the kids at the center how to make simple Christmas greeting card using Canva. During the on-site training session, the students were able to watch simple instructions on line. A hand on practice was later given at the site with three laptops. Most of the students were able to select, drag, add, edit, delete picture/text during the session. They were excited to have the session with our training.
