Time & date: Wednesday, 27th October 2021, 3.30-5pm

Type of project: Online Training

Title: Introduction to Mobilegraphy Using PicsArt

Brief description:

The meeting begins with the introduction of team members and community SV. This project will introduce and teach the participants (10-15yrs old) to take and edit photo using the PicsArt app on a smartphone. The students had come up with several ideas to deliver the proposed training during visit 2. As preparation, the students and community had agreed to have a mock-up training before visit 2 is held. The students will provide a module and video to the community as a guide to the participants during the training.
