

Visit 3

Date: 11 June 2021 (3.00-4.00pm)

Day: Friday

SL Supervisor: Miss Ling

Breakthrough Hub Kuching Jun 11 at 3-4pm, visit 3a. For this first part of visit, we wrap up the learning content and material of scratch programming to site supervisor Mdm Cathereen. She will go through all the teaching material (4 tutorial videos and a learning module) before next week. Along the way, she the second part of visit 3 will be collecting her feedbacks. Mdm Cathereen was impressed by our team which prepared the scratch learning material and had showed some example to her students, which anticipate a lot in the coming future.
